

Fleet Centres

Specialized vehicle maintenance & repair facilities for business fleets

Dedication and efficiency at its best: you'll never find yourself waiting in line behind your neighbour at a Kal Tire Fleet Centre because fleets are our only priority!

At Kal Tire, we know every minute of a productive workday counts. With complete preventative maintenance and repair program services in urban centres* across Canada, Kal Tire offers a true one-stop shop that will get your drivers and your vehicles in and out fast.

Our specialized fleet centres offer a range of service bays, certified technicians, and specialized equipment that can handle class 1-5 vehicles up to 9,000kg - all reserved exclusively for business customers! We're focused on keeping your business rolling while minimizing your overall cost of operations.

Complete preventative maintenance & repair at Kal Tire's Fleet Centres

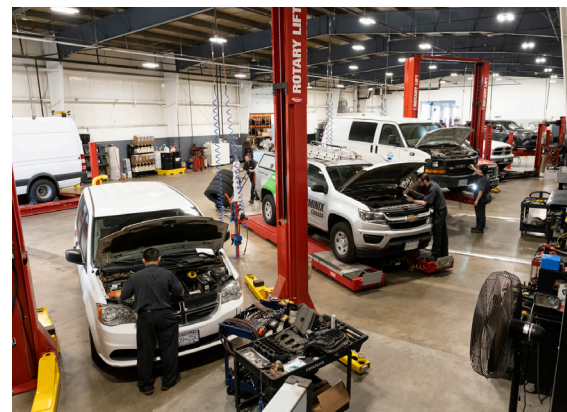

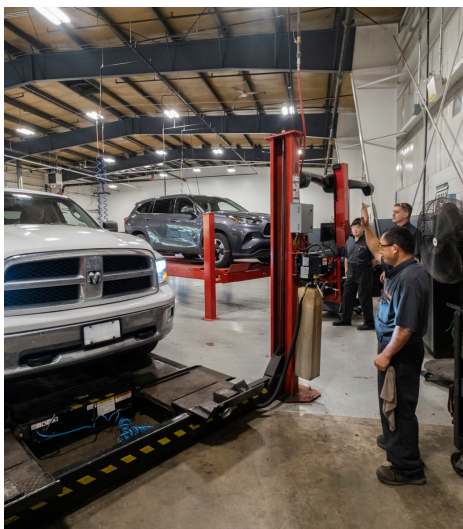

Priority service for business fleet customers

✓ Maintain maximum fleet productivity while optimizing your cost of operations

- Easy-to-book appointments on your schedule
- Efficient and fast service that reduces wait times
- One destination for all your vehicle maintenance, eliminating the need to coordinate with multiple service vendors
- Preventative maintenance programs to reduce downtime caused by breakdowns
- Integrated billing with major fleet card programs that streamlines cost management
- Digital Vehicle Inspections deliver real-time, photo-backed reports for greater transparency and faster, informed decisions

✓ Experience reliable, expert service where you are always the priority

- Service bays 100% dedicated to business customers
- Certified automotive technicians that diagnose & perform repairs correctly, the first time
- Service standards & procedures to ensure efficient, on time delivery of work performed
- Vehicle hoists for class 1 - 5 vehicles, up to 9,000kg
- Specialized equipment for a wide range of automotive services
