

Fleet Winter Readiness Starts with Kal Tire

At Kal Tire, we know winter driving can be tough on your fleet. We're ready to support you with the services you need to keep your vehicles safe, reliable, and on the move.

Tires

- ✓ Kal Tire helps you choose the right winter or all-weather tires for your fleet.
- ✓ We will check tread depth and ensure proper inflation for cold weather performance.

Reminder: Winter tires are required on most highways in British Columbia from October 1 to April 30.

Brakes

- ✓ Our technicians inspect pads, rotors, and brake fluid.
- ✓ We make sure your fleet has the stopping power it needs for icy roads.

Alignments

- ✓ Kal Tire alignment services keep vehicles driving straight and handling safely.
- ✓ Proper alignment reduces uneven wear and extends tire life.

Oil & Fluids

- ✓ Regular oil changes keep engines running smoothly and reliably.
- ✓ Kal Tire provides complete oil change service to keep your fleet on the road.

Ask us about our mechanical services too!

Partner with Kal Tire to cut downtime, protect your drivers, and keep your fleet ready for whatever winter throws your way.
